

## Exhibit E

Exhibit E

9/27/2022

Randy,

I didn't forget about the picture you asked for. I have tried several times and methods to get you what you asked for but because of the low contrast of the original it is pretty much impossible to get a legible copy. Enclosed is the most legible copy I was able to get. Not sure it will do what you want it to do but am not able to get you a better copy.
